Subject: [EXTERNAL] Valuing humanity over profit

Hello,

I understand I missed the deadline to email concerns on the Byhalia Pipeline. However, I did want to express my concern as a Memphis resident. I value people over profit, and would like to make it known that I don't support the Byhalia Pipeline. I am concerned for the 99% Black community that would be most negatively affected by this detrimental move. Please, consider the Memphians that do not want this pipeline to move forward. It's important to us.

Thank you,
